

The children were very excited when they got in the school bus to go to the Scandinavian Park in Alfaz del Pi. Once there, they met the group of monitors that would stay with them and their teachers all day.

They climbed along the Spiders Web and developed Gross Motor Skills using the Monkey Bars. The children joined in Role Play activities and they had their faces painted. At lunch time the children enjoyed a picnic and afterward they had Super Hero fun and games. It was a memorable day.
