

Our primary students were able to select from three different programmes and now, every single pupil is taking part in what they really like and enjoy. Swimming, Homecrafts, Art, Drama, Music, Reading and Writing ...you name it, we have it!

Secondary pupils are spending their time between the pool, doing sport, learning English or revising subjects.

All pupils are working very well and preparing for the open afternoon on the last day of Summer School. We hope to see many parents there!
