

On Tuesday the Year 3 children from Elian's British school, La Nucia, spent an enjoyable day at the Playmobil factory in Castalla.

The children were given a tour of the factory where they learned about the history of Playmobil and had the opportunity to view some fantastic models including a scene from Ancient Egypt, a zoo, a Roman

amphitheatre and a pirate ship.

We watched as conveyor belts and machinery sorted the pieces and factory workers packaged the toys.

Each child also received a special gift box of playmobil toys and a catalogue of playmobil toys!
