

ROAD SAFETY FOR ELIAN'S BRITISH SCHOOL, LA NUCIA STUDENTS

Once more, students from Elian's British School, La Nucía participated in the Road Safety Sessions organized by the townhall.

All students from Year 2 to Year 7 went to the Sports Center 'Camilo Cano' in La Nucía to learn the traffic regulations and how to ride their bicycles safely.

Each visit consists of a chat and watching a video introduced by a local policeman. When the video finishes, the students hold a brief debate between them.

After this, children are given the necessary equipment to be able to get in the road circuit where they can find traffic signs and practice all they've learnt during the chat.

Thank you very much to the Townhall of La Nucía for organizing this activity!
