

**Who are the new team captains at
Elia's British School, La Nucía?**

It is the start of a new school term and as usual the children from Year 6 have been asked to consider if they want to be the new 'team captains' .

In September, Class 6T had the opportunity to run for team leaders. This term it is the turn of Class 6C. In last week's assembly Miss Thompson was able to announce the new team captains.

The nominees presented their speeches and they did a fantastic job and the teachers praised the candidates for their mature attitude, dedication to the school and for being so courageous. Guillermo is the new captain for blue team, Marie for green, Alejandra for yellow and Rocío for red team. They were all given their new team captain badges to wear with pride. We wish them well and feel very proud of their commitment.

Also, the new head boy and head girl have been chosen from class 6T this term. They are Eva and Carlos V. Congratulations to all!
