

## ELIAN'S BRITISH SCHOOL, LA NUCÍA TO THE THEATRE!

Years 5 and 6 at Elian's British School, La Nucía, visited the school 'Los Salesianos' in Alicante this week to see a performance in English called 'Game Over'.

The children thoroughly enjoyed the show and sat, for most of the hour, in captivated silence until the very end when they all got up and danced along with the actors to bring an end to the story about mind-controlling video games. Everyone agreed that the show was fun and the message not to play video games for too long was one to be kept in mind.

The children settled into their seats quickly and before they knew it they were immediately captivated by the evil Dr Bullet and his plot to takeover the world by brainwashing children through his mind-controlling video game. At the end of the show all the children got out of their seats and danced to destroy the evil mind-controlling machine once and for all.

Before the four actors took their bows and left the stage they answered questions from the children who were also asked the all important question of whether there was a lesson to be learnt from the story. That playing too long on video games and not enjoying the company of your friends was confidently answered by one of our girls and understood by all. The question of whether the children had enjoyed the show received a resounding response of YES.
